

GENERAL DESCRIPTION

USED, MADE IN GERMANY, 50 HZ, 3,600 M³ / H STOCK YARD STACKER

Type:
Mine and Stockyard Equipment

Location:
Southern Europe

This offer comprises a rail-based stacker of a German manufacturer. Commissioned in 1970, it has been used so far in a stock yard. This stacker can handle a variety of loose material such as sand, peat, lignite, hard coal.

This machine is well maintained, still operational and in good condition. The stacker is on rails, has a luffing and slew able boom and includes a tripper car to collect material form a conveyor belt.

Asking price is US\$ 270,000.

Offering EQO-104

item / type / layout	compact, overhauled 3,600 cbm/h stacker with tripper car
